Genus® OPTICA

Genus® OPTICA JET

APPLICATIONS

- Hotels
- Bars
- Restaurants
- Kitchens
- Retail
- Food Handling

Genus® Optica 180™ brings together the latest developments in materials and unit design to give 180° 'all-round' UVA attraction and assured flying insect control.

Genus® Optica 180™ features silent operation and discreet catch control for public areas and the robust performance needed for hard-use production areas. Versatility is further heightened by an IP65 option for wet-wash and damp working conditions.

Genus® Optica 180™ is completely insecticide free and is even effective against smaller, hard to catch species such as Fruit Flies.

The Genus® Optica range also includes Genus® Optica Jet which is IP65 rated for wet and wash down areas. The unit can remain switched on 24/7 even during wash down in locations such as slaughterhouses, meat and fish processing facilities.

Features and Benefits

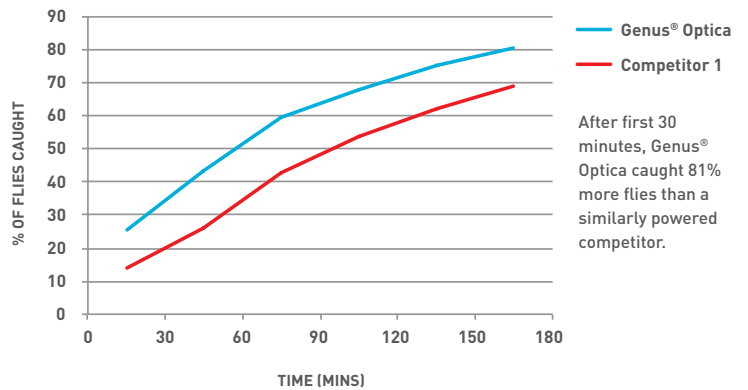

- Translucent Technology™ and uniquely positioned lamps increase flying insect catch rate
- Wipe clean slim line design for smart, hygienic appearance
- HACCP compliant glue board system with large catch area
- Quick release & pull front cover gives easy access for lamp replacement & tool free maintenance
- Certified to World Wide standards for assured regulations compliance

Easy Servicing Features

Quick release & pull front cover gives easy access for tool-free lamp replacement, maintenance and glue board replacement.

Superior Fly Catch Performance
